AGED MISS GORDON FALLS AND SUSTAINS BROKEN HIP BONE

Sister of Mrs. J. D. O'Reilly, South Beach Boulevard— Taken to Orleans.

An unfortunate accident befell Miss Willie Gordon, sister of Mrs. J. D. O'Reilly, at her home on South Beach Blvd., on Friday last when she fell and sustained a broken hip. Miss Gordon was taken to the King's Daughters Hospital here where an X-ray revealed a broken hip bone and she was later removed to the Mercy Hospital in New Orleans. Mrs. O'Reilly left for New Orleans on Monday and will remain with friends there in order to be near her sister while confined to the hospital.

The regular monthly meeting of the St. Joseph's Academy Parents Club will be held at the convent on Thursday, October 4th, at 3 o'clock and all members and parents of pupils attending the academy are urged to attend.

PRAISE FOR REGISTRAR STATISTICS

State Commissioner Public Safety Issues Letter in Appreciation of Work.

Major T. B. Birdsong, Jr., Mississippi State commissioner of public safety has sent a letter out to all registrars of vital statistics in which, discussing the accident situation in Mississippi, has this to say of the co-operation received:

"We are receiving splendid cooperation from the Registrars of Vital Statistics, and frankly, without their help it would be almost impossible to keep an accurate record of automobile deaths in the State. I especially wish to thank the following for their aid in this great work: Mr. Thomas W. Dosssett, Picayune; Mrs. Irene Ladner, Pass Christian; D. C. L. Horton, Bay St. Louis; Mrs. W. P. Blackwell, Nicholson; Mr. H. L. Schwartz, Ansley; Mr. A. J. Bilbo, Picayune; Mr. Calvin Shaw, Perkins; Mr. F. Fuente, Kiln; Mr. Felton Whitfield, Picayune; Mr. Theodore Totenhurst, Picayune; Mr. Edward Green, Lakeshore; Mr. C. W. Fountain, Logtown."

He stated that the registrars are not paid for this work and are frequently put to a great deal of trouble and inconvenience to secure the facts; therefore, he feels that they deserve the thanks of all the people in the state.

It will be seen Hancock county is well represented by these splendid volunteer workers who receive official praise for their devotion and "aid in this great work."

LOCAL CHEVROLET CO. RECEIVES NEW 1940 TRUCK; ON DISPLAY

New Passenger Models will Be Larger and Will Offer New and Exclusive Features.

Al Voight, owner of the Gulf Chevrolet Company has received word that the new 1940 Chevrolet cars will be displayed Nationally on Saturday, October 14.

A great deal of interest surrounds the introduction of the new Chevrolet cars. It has been indicated that the new cars will have a new full-vision body by Fisher and will be bigger inside as well as outside. The new vacuum power shift, exclusive with Chevrolet, will be standard equipment on all 1940 models.

The Chevrolet Commercial and truck lines are already being shipped. Some of the truck units have already arrived here and are being displayed.

Mr. Voight indicated that he expects a substantial upturn in fall business. Orders for the new cars and trucks so far exceed the ability of the manufacturing plants to fill. These orders have been placed by people who want to be sure of early delivery.

Bay St. Louis Youth Gets Place on Major Band at Millsaps.

Donald Nelson, Bay St. Louis, freshman, at Millsaps College, has been named as a member of the record 50-piece band at Millsaps this year.

Nelson was appointed to a chair in the major musical organization following trials conducted by the officers of the band.

The major unit this year will contain two nationally bandmen. They are Joe Odum, former Jackson high drum major, who won second national honors last year; and Michael McKinnon, McComb, who was number one high school trombone player in the nation last year.

First performance of the band will be between the halves of the Millsaps-Delta Teachers football game September 30 at Jackson.

BAY HIGH TIGERS WIN OPENER

Long Beach High Bows to Local High 13-7 in Pres- ence of One Thousand Fans.

The Bay High Tigers showed great promise for the coming season by winning in easy fashion over Long Beach High in their initial game of the season by a score of 13-7. This was the first game for the Tigers under their new coaches, Ray Hapes and Assistant George Westerfield, and the new Notre Dame system which they used with considerable effectiveness. St. Stanislaus stadium was the scene of the battle with about one thousand enthusiastic fans attending.

The game got off to a slow start with the first quarter going into a punting duel, neither team gaining much yardage on exchanges. Theodore Thomas went into the game for Bay High in the first few minutes of the second quarter and with the aid of R. J. Johnson sparked a seventy-yard march which ended with Thomas going over from the four-yard line. Johnson went off-tackle for the extra point. The half ended with neither team doing much on the offensive.

Bay High's sixty piece band entertained the spectators during the half with a series of maneuvers and special numbers.

The Tigers tallied again in the third period as a result of a spectacular forty-five yard run by R. J. which put them in scoring position on the Bear Cat's fifteen.

A few plays later Johnson crossed the pay-off stripe from the three yard line. The attempted pass for the extra point was caught out of bounds.

Bay High 13, Long Beach, 0.

During the remainder of the game, Coach Hapes substituted freely with the reserves playing the entire fourth quarter. Long Beach pushed over her only touchdown of the game in the final minutes from the three yard line. Payard went around end for the extra point.

Osborn, Johnson and Thomas showed up well for the Tigers in the backfield while John Rutherford and Bert Garriga excelled in the line.

FIRST AFFAIR OF THE SEASON FOR ST. JOSEPH'S ACADEMY

Parents Club Holds Meeting Followed by Cards and Bingo to Raise Funds.

On Thursday of last week St. Joseph Academy Parents Club, under direction of its new president, Mrs. Lucien M. Gex, held its first affair of the season when a large crowd gathered in the Gymnasium and played cards and bingo to raise funds with which to start the good work accomplished by the Club each session. A prize was given the winner at each table and an entrance prize, a large and delicious cake donated by Mrs. W. L. Bourgeois, was awarded Miss Dorothy Capdepon, and Mrs. H. L. Fayard was the winner of the beautiful cocoa-nut layer cake donated by Mrs. A. G. Favre.

The party was quite a success and was in charge of the following committee: Mrs. Claude Monti, chairman, with Mesdames L. M. Gex, Leo Ford, Randolph Bourgeois, J. January, H. Fayard assisting.

\$859.00 FOR HANCOCK FARMERS

Cotton Growers Receive Price Adjustment Pay- ments From Federal Government.

Cotton price adjustment payments totaling \$3,778,644 had been made through Saturday, September 23, to 107,128 Mississippi farmers for co-operating in the 1938 farm program, T. M. Patterson, administrative officer in charge, AAA, Jackson announced.

Payments to Hancock county farmers to date totaled \$859.00, according to the report from the state AAA office. County Agent S. W. Stowers announces that these payments went to fifty farmers. He said that every effort is being made to complete the cotton price adjustment payments as soon as possible.

Soil conservation payments for participation in the 1938 program will be made early in 1940 and will be in addition to the cotton price adjustment which are now being made.

Randolph Bourgeois Appointed Game Warden For Hancock County.

Randolph J. Bourgeois of Bay St. Louis was appointed Monday by the State as game warden of Hancock county, to take effect immediately, and as such has qualified and entered upon the discharge of his duties.

Formerly with the Magnolia State Supply Company from which he resigned this summer to devote all his time to his candidacy for political preferment, Mr. Bourgeois is well qualified to discharge the duties of a public trust. Efficient and painstaking and thorough in whatever endeavor may be his purpose, he will meet the requirements of his new duties to the satisfaction of all concerned.

Warden Bourgeois says the season for hunting squirrels is from October 1 (next Sunday) to December 31. Eight in any one day—16 in possession.

Quail from Thanksgiving day to January 31. Twelve per day—24 in possession.

Turkeys April 1 to April 31. One gobbler per season. Hens not to be molested or taken.

Opossum December 1 to January 1. Fox open year 'round in all counties of State.

Other game not mentioned subject to federal laws, to be announced later.

Girl Scout Mariners To Give "Deck Dance" This Saturday at Hotel.

A "Deck Dance" sponsored by the Girl Scout Mariners, will be held Saturday night September 30 at the Hotel Reed.

At a meeting held on Wednesday September 20 various plans were suggested to raise money for the troops out of which the "Deck Dance" was chosen as the best and the one most likely to succeed. The proceeds will be used to enable the Mariners to obtain a meeting house.

The troop is composed of First Class Girl Scouts who are interested in Nautical activities under the leadership of Mrs. Gladys Chapman and Mrs. Briscoe Goldman.

The owner of Hotel Reed has kindly consented to allow the dance to be held in that building during the hours from 8:30 until 12:00. The admission will be twenty five cents per person and tickets may be obtained from any member of the troop—Lillian Olson.

AUTO AND TRUCK IN COLLISION WEDNESDAY NIGHT INJURES THREE

Edward Grace of Waveland and New Orleans, and D. L. Watson, Occupants of Car Seriously Hurt—Louis Gill, Driver of Truck Miraculously Escapes With Life—Truck Demolished.

On Wednesday night at 8 o'clock an automobile accident occurred on the Old Spanish Trail, three miles east of the Ford Farve tavern, known as the "White House" in which three persons were injured.

A truck belonging to the Davis Lumber Co., of Gulfport and driven by Louis Gill, while en route to New Orleans with a load of lumber was reported struck by an automobile driven in the opposite direction by two young men, Edw. Grace and D. L. Watson, both of New Orleans, who were on their way to the Grace home in Waveland.

The truck was overturned and completely demolished and the driver miraculously escaped with minor injuries only to his back and was treated at the King's Daughters Hospital here while the two occupants of the other car suffered severe head injuries and were brought to Waveland where they were treated the same night by Dr. A. P. Smith and early Thursday morning were transferred in Fahey's ambulance to Hotel Dieu at New Orleans.

Both men, Dr. Smith said, were seriously injured about the skull and many stitches were necessary for both.

MAUFFRAY ON SEAFOOD BOARD

Appointed By Gov. White, Succeeding W. J. Gex, Filling Unexpired Term.

Joseph O. Mauffray, retired business man of Bay St. Louis and well known as the former head of the Jos. O. Mauffray Mercantile Store, on S. Beach Blvd., received notice this week from Governor Hugh White of his appointment as a member of the State Sea Food Commission, succeeding Walter J. Gex, Jr., Vinson Smith, of Pass Christian, is chairman of the State Sea Food Commission which is composed of representative citizens from Harrison, Hancock and Jackson counties.

Mr. Mauffray is well qualified to hold the public office from a high sense of duty and with marked fidelity and ability.

He is thoroughly acquainted with the needs and demands for betterment of the seafood conservation and the industry in general and the appointment is an admirable one and will give general satisfaction.

Mr. Gex was filling the unexpired term of the late Dr. D. H. Ward and did not stand for reappointment due to the press of his own private business.

Gordon Family Move To Orleans To Regret Of Entire Community.

Leaving on Monday after a residence here of about fifteen years, Mr. and Mrs. Charles A. Gordon and the members of their family have gone to New Orleans. With their children all grown and enjoying places in the business world of New Orleans, Mr. and Mrs. Gordon found it to their advantage to move to New Orleans and will reside at 3211 Palmyra street where they will be glad to welcome their friends. C. J. Gordon, eldest son of the Gordon's, a member of the staff of the Magnolia State Supply Company, will remain here at his position and will reside at the home of Mrs. Bordages on N. Front street.

Mr. and Mrs. Gordon and their entire family were energetic workers and active in church and school affairs. Mrs. Gordon having served as president of St. Joseph's Academy Parents Club and Mr. Gordon having been prominently identified with the Knights of Columbus, and their departure is regretted.

"Buddy" Staehle Jumps On Broken Bottle and Sustains Injured Foot.

"Buddy" Staehle, young son of Wm. Staehle, residing at S. Beach and St. Charles street, Wednesday night suffered a painful injury in the form of a cut on the foot, when he slipped while jumping and landed on a piece of glass. "Buddy" was treated by Dr. A. P. Smith at his office and afterwards went home.

FIGHT REVIVED FOR BETTER L. & N. COAST- NEW ORLEANS TRAINS

Civic Leaders of Gulf Coast Say Present Service Detri- mental To Growth of Communities—Better Equipment Demanded.

J. T. ARMSTRONG in N. O. Item. The ancient campaign for decent, modern equipment on Louisville and Nashville Railroad company trains serving the Mississippi Gulf Coast is being revived.

Civic leaders of Gulf Coast communities believe better equipment on trains running between New Orleans and the coast is essential to the growth and economic well-being of their communities.

Commuters between the Gulf Coast and New Orleans are threatening to get together again to push the campaign, this time, they hope, to successful conclusion.

Seek Better Coaches

It is planned again to ask the L. & N. to put air-conditioned steel coaches in service to the coast, replacing the old, hot, dirty, wooden coaches that have been in use for so many, many years.

The civic leaders and regular patrons are determined to bring about this improvement before another summer, so that travel between New Orleans and the Coast will be encouraged rather than discouraged.

Inquiry by The Item at the New Orleans offices of the L. & N. railroad revealed that the management apparently has no plans for putting better equipment on its Gulf Coast trains.

Nothing in Sight

Ira P. Schwegel, general passenger agent and highest ranking official of the L. & N. in New Orleans, was asked if his railroad was making any plans to put air-conditioned coaches in the coast service.

"No, not that I know of," replied Mr. Schwegel.

"Didn't the president of your railroad three years ago give the Gulf Coast Commuters' association assurance that better equipment would be put in service," Mr. Schwegel?

"I don't think so," replied Mr. Schwegel. "I attended the meeting between the president and the commuters. He showed them figures to prove that our trains between the Gulf Coast and New Orleans were losing money."

Others Pointed Out.

"But isn't it true that other railroads losing money on their passen-

SUCCESS OF GAS SERVICE.

OUT-of-town readers interested in Bay St. Louis and possibly others will be interested to learn the natural gas service, municipally-owned, recently inaugurated locally, is proving a success in no unqualified manner.

While the process of contact and establishing patrons is naturally slow because of the bigness of the project and its operation, the city reports there are already 400 registered patrons and with the advent of cold weather we may well expect this number to be considerably augmented.

The greater number of users just now, we are told, is for kitchen purpose. The gas is of superior quality. The pressure adequate and results are proving satisfactory. It is a boon to the house-keeper and in addition to this, possibly the most important factor in the success of the project, is the extreme economy of "cooking with gas."

The Echo had one of its reporters to make exactly one dozen casual inquiries of house-keepers as to their reaction using gas. And in no instance was there a dissenting voice. On the contrary, the endorsements were emphatic and left no room for doubt.

Since this is municipally owned we are glad for the city, the tax-payers and for the public enjoying the benefits. And it proves the contention of the men and women who have worked hard for years to procure this improvement for our city.

"KILLERS" OF AMERICANS.

THE "killers" of modern Americans, in the order of their importance, are diseases of the heart, influenza and pneumonia, cancers and other malignant tumors, nephritis, cerebral hemorrhage and softening, tuberculosis, congenital malformations and diseases of early infancy, motor vehicle accidents and diabetes.

This is the report of the Department of Commerce, which says that these nine causes of death were responsible for 72 per cent of the 1,450,427 fatalities in this country in 1937.

This ought to make it easy for everybody to live long. All that one has to do is to avoid these nine causes of death and dodge a few other minor causes, which are just as fatal if you happen to be afflicted with them.

Some of the diseases can be avoided by promptly and regularly receiving proper medical treatment. In fact, many men and women die every year because they neglect ordinary ailments and permit them to drift into dangerous and fatal maladies.

The body of the average human being can stand a great deal but there are individuals who seem unable to realize that there is a limit to what flesh and blood can endure.

Of course, if an individual wants to be careless it is largely his, or her, business. Just the same death often punishes those who remain behind more than the individual that departs. Men and women with responsibilities in life owe it to those dependent upon them to take reasonable precautions against disease. They should not neglect their health.

BABSON BUYS JAPANESE BONDS.

READERS of The Sea Coast Echo are familiar with the views of Roger W. Babson, well-known statistician and economist, who writes a daily column for the New Orleans Daily States and other newspapers of the country.

Mr. Babson, we are informed by a press dispatch from Manila, told newspaper men in the Philippine Islands that he had sold his holdings of United States government bonds and reinvested the funds in dollar bonds of the Japanese government.

Mr. Babson may believe that the bonds of the Japanese government are intrinsically worth more than those of the United States but with the nation engaged in a war with China and the future of events in the Far East uncertain, we doubt it.

He thinks that "our educational system needs drastic revision to teach youth that life is not a bed of roses but a hard and tedious struggle." He also expresses the opinion that future generations may have some difficulty in competing with the people of the Orient.

MOVING U. S. PLANTS TO CANADA.

FROM Toronto, Canada, comes the news that an American banker, in that city, expresses the opinion that American manufacturers might send their equipment into Canada and establish plants for making war supplies.

The restrictions of the present Neutrality Act, prohibits the sale of munitions, airplanes, etc., to belligerent nations, he explained, would lead to such a move.

Of course, American makers of planes, arms, munitions and implements of war will follow the chance for profits that arises on account of the war in Europe. If it is necessary to transfer their plants from the United States into Canada and transport American workmen into Canada in order to secure and fill contracts for war supplies, they will do so.

NEWS ON FRONT PAGE!

HERE'S an item of news from London! The Daily Mail, on Monday, printed news on its front page for the first time in its career. Heretofore the Mail printed nothing but advertisements on page one.

INADEQUATE R. R. SERVICE AND EQUIPMENT.

NEW Orleans business men concerned and others are preparing to revive the long-standing fight against the Louisville & Nashville railroad, seeking to improve the Gulf Coast train service.

A fight under circumstances and conditions that seem just and the hope is expressed the railroad company will see their way clear to grant the request for better and cleaner trains, of which there has been and still exists a woeful lack.

In another column of this week's Sea Coast Echo is reproduced an interview by a reporter of the New Orleans Item with the resident passenger representative of their L. & N. at New Orleans. An interview that is well set, arguments well taken and the deficiencies of the railroad pointed out in unmistakable manner and truth.

Such train deficiency as coast (local trade) is subject to and is injurious in the extreme and it is not surprising the old time patronage of the favorite coast train has fallen off considerably. Coaches that are old and musty, unkempt, practically decrepit, and filled while in transit with the heat of the warm season, dust and grime, is by far not inviting nor conducive to trade. This service and equipment does not fit the present day. We are living in too far an advanced stage to suffer such inadequacies and the public is not going to subject itself to prevailing inconveniences and intolerable conditions. It is not surprising, then, so many families are moving back to New Orleans, as we see this fall, rather than commute under the adverse conditions of comfort as so well portrayed by the Item writer.

This matter is of much importance and seems to be a matter all chambers of commerce on the Coast, as well as that of New Orleans, get together and take the matter up with the railroad company in such vigorous and united manner as to achieve the desired results. We will never attain the desired end by sitting supinely and let the matter "ride."

ELECTRICITY ON OUR FARMS.

A PARTY from the interior of the county visiting The Echo recently, while renewing a subscription to the paper, who, after many years of happy life on the farm, are now beginning to enjoy the convenience of electric light and advantages of the current in general since Hancock county has been given the blessing of rural electrification.

The couple have been married for many years, with both of them past the four-score mark but never before have they been able to press a button and have light. Now, in their declining years, they will enjoy the comforts that electricity can bring to the farm home.

This scene can be duplicated in hundreds of homes in Hancock county where the past year or more time has witnessed a great extension of such services in the rural districts.

In contrast with the news of wars and political campaigns this revolution in home-life hardly makes the news page but it is not to be overlooked.

Many of us living can well recall the advent of electricity in our own homes. The gradual and increasing use of electricity has been accompanied by greater enjoyment of life itself. The conveniences that are now offered those who have electricity available make a vast transformation in the work of thrifty housewives and undoubtedly add much to the comfort of our women.

We do not hesitate to urge all those who can possibly afford electricity to connect with any available line. Not only will there be more light, but there will be easier work, a more balanced life and improved living conditions.

NO PROSPECT OF PEACE.

THE elimination of Poland as a factor in the European war leads many people to wonder whether Hitler will be able to make peace with Great Britain and France upon the grounds that further fighting is useless.

If the war was started by Great Britain and France, solely for the purpose of preventing the destruction of Poland, there might be some ground for the hope of peace. Actually, so far as Germany's present foes are concerned, Poland is a mere incident.

With Germany armed to the teeth, her national economy geared to nothing but war and the German people inflamed by a leader like Hitler, there can be no peace in Europe until Hitler is satisfied, Germany developed along the lines of peaceful economy and the German army demolished. Otherwise, the British and the French would face the alternative of maintaining themselves on a war basis forever.

Because of this everlasting threat, the two nations have apparently decided that Hitler must go, that there cannot be two armed camps forever and that if force is to decide the destiny of nations, the present is just about as good a time as any to get over with the supreme test.

Consequently, we see a war to the bitter end underway. Great Britain and France will either go down fighting or conquer Hitler. They have made the decision and the arbitration of arms will decide the winner.

NO MAGINOT LINE AGAINST DISEASE.

IT is interesting to observe the contrast in the life of Andre Maginot, famed designer of the fortification line which bears his name and protects the French nation from invasion. Sergeant Maginot, who scientifically designed a method to defend his native land from the dangers of invasion, died because of a failure to scientifically protect himself from danger. He died after eating oysters that were tainted and became a victim to typhoid fever.

Medical science has long worked to protect man from the attacks of disease. Typhoid is one disease that is, at least, preventable. The skill and intelligence that developed the plans and guided the construction of the world's greatest fortification could not save Maginot from typhoid.

If you want to remember a friend who lives away from home, send him or her The Sea Coast Echo for a year. Not a bad idea!

PASCAGOULA PLANT AWARDED CONTRACT FOR FOUR VESSELS

Ingalls Plant Busy With Present and Additional Orders—Is Big Industry For Coast.

The Ingalls Shipbuilding Corporation's plant at Pascagoula was last week awarded contracts for the building of four additional merchant vessels, bringing the total number of ships to be constructed by the plant to seven, three of which are well under way of construction. The contracts were part of the Maritime Commission's contracts for eleven vessels, four of which will be built at Quincy, Mass., at the Bethlehem Steel Company plant, and three to be built at the Bethlehem Steel Company's plant, at Sparrows Point, Md.

The four cargo vessels to be built at Pascagoula will mean an output of \$2,500,000 for each vessel, or \$10,000,000, and about three years time will be required for the building of these boats. This will also mean increased employment, and work will begin at once, running concurrently with the first contract for three vessels. New ways on which the ships will be built will have to be constructed and while three hundred persons are presently employed, it is estimated that the number will be increased from 1200 to 1500 when the peak of construction is reached.

PART OF CORRUPT PRACTICES ACT IS TERMED INVALID

Rule for 2-Year Poll Tax Payments Prior to Vote Knocked Out.

Declaring that the Legislature had exceeded its power, Judge R. M. Boudreaux in Lauderdale county court held unconstitutional part of the Mississippi corrupt practices act governing the conduct of primary elections.

Judge Boudreaux ruled invalid that portion of the act which requires the payment of poll taxes for two years prior to an election as a prerequisite to vote qualification.

The judge declared the Legislature was empowered only to enact legislation in this regard designed to insure fairness in party primaries and lacked authority to impose additional qualifications for participation.

Contentants of the provision claimed that under the law the two years' payments might be made in the year the citizen offered to vote.

The decision was given in the case against Ben Enzor charged with procuring illegal votes. Judge Boudreaux sustained a demurrer to the indictment against Enzor.

District Attorney Walker Broach gave notice that an appeal would be taken to the supreme court. J. A. and Tally Tiddell represented Enzor.

The court's decision on demurrers to indictments against J. Rip Collins, Percy Green and Sherman Anders, which alleged law violations, was to follow further hearing of the law in reference to the legal points raised.

..Hollywood Notes..

IN the hope of maintaining quality productions and preventing general salary reductions because of the loss of foreign revenue from England and France, Hollywood is eliminating as much extra unnecessary expense in the making of pictures as possible. Expensive location trips are being abandoned, production schedules speeded up and the number of surplus "big names" in casts cut down.

Robert Donat is to co-star with Norma-Shearer in "Frieda and Juarez," the film production of Jane Austen's novel to be made soon by MGM.

John Ford, who frankly admits that he does not like directing women, excepts Claire Trevor, who, he says, is one of the better actresses in Hollywood.

Among the veteran movie stars of former days who are being used by Harry Sherman, producer of the Hopalong Cassidy features are Clara Kimball Young, Matt Moore, Pedro de Cordoba, Marjorie Rambeau and Kenneth Harlan.

Metro is reported to have paid \$15,000 for the screen rights to "Osborne of Sing Sing," a story of penitentiary reform, written by Jonathan Pinn and Harold Friedman.

Paramount plans to send a company to Albany, Ga., soon to film the entire production of "The Biscuit Eater," in which Cordell Hickman, 8-year-old Negro led from the "Swing Mikado" company, is to have one of the principal parts. Filming is to begin on or about October 15.

Now that "A Day at the Circus" is completed, the next episode for the Marx Brothers is to be "The Marx Brothers in Europe," which is sure to be a scream.

20th Century-Fox is considering "Down to the Sea in Ships," Clara Bow's first picture, made in 1925 as a possible vehicle for Linda Darnell.

Zorina, the ballerina, makes her first appearance before the cameras in the film version of "On Your

WHY LAW-ABIDING BEER RETAILERS

Support Our Program

*Law-abiding beer retailers know that the Brewers and Mississippi Beer Distributors Committee is waging a determined battle to "clean-up or close-up" those few scattered retail outlets which permit illegal, offensive and indecent practices behind the respectability of a legal beer permit. It is a battle waged in the public's interest, and seeks to stamp out law violations wherever they surround the sale and consumption of beer in Mississippi... conditions that jeopardize the \$5,500,000 business of the brewers shipping into Mississippi, the ethical beer distributors and the respectable retailers.

*This aggressive program for law enforcement merits the support and cooperation of every clear-thinking retailer, and every conscientious, fair-minded Mississippian.

MISSISSIPPI AUTO TAGS RECEIVED; TO BE PLACED ON SALE

Black Background with Yellow Numerals—Manufactured in Mississippi.

Bearing yellow numerals on a black background, Mississippi's 1940 motor vehicle license plates will be placed on sale Monday, State Auditor Carl N. Craig said at Jackson Tuesday afternoon.

The new licenses, made by the Columbus Marble Works, are a direct reversal of the 1939 tags which bear a yellow background with black numerals.

The licenses will be issued from each sheriff's office, except for trucks of capacity of two tons or more. These will be issued directly by the state auditor's office.

Mr. Craig expressed belief that more than 250,000 motor vehicle licenses will be issued during 1940. Records today showed that thus far 240,613 licenses have been issued for 1939. Of this number 177,895 were for passenger cars.

Mississippi's motor vehicle license No. 1 for 1940 will be issued to Governor Hugh L. White Monday by the Hinds county sheriff's office, officials said.

The governor, however, plans to turn the license plates over to his successor, Governor-Elect Paul B. Johnson, when the latter takes office on January 16, it was learned.

In Hancock County, At Sheriff Claude Monti's office Chief Deputy F. J. Bopp said the quota for Hancock county had been received and that license plates would be on sale on and after October 1.

Toes" which ran as a legitimate musical for many months. Opposite her is Eddie Albert, of "Brother Rat" fame, and in the cast are Tlan Hale, Gloria Dickson and Frank McHugh.

Rosalind Russell was borrowed by Metro from Columbia to play the title role in "His Girl Friday" after Irene Dunne withdrew from the cast. This is a re-written version of "The Front Page." Cary Grant plays opposite Miss Russell.

Madeline Carroll and Douglas Fairbanks, Jr., have the leads in "Safari," which Paramount is producing. Also in the cast are Tullio Carminati, who was seen with Grace Moore in her 1934 and 1935 vehicles and Murial Angelus, Broadway recruit from "The Boys From Syracuse."

FEED ROSE BUSHES NOW.

Roses ought to be fertilized now if they are to produce good flowers this fall. Soil conditions may determine the amount and the kind of plant food that different gardeners choose to give their plants but in general a good feeding now would be an application of about four ounces of cotton seed meal for each bush.

All plants should be sprayed or dusted, as the gardener prefers, carefully and faithfully now when pests are so particularly destructive. And it is important, too, that a watch be kept so that the plants will not dry out.

The rains of the last few weeks may have been receptive, for after one of the sudden and heavy showers followed by the heat of clear skies a well-fertilized rose bed may be in need of water in a comparatively few hours.

Since October and November are the months of the lowest rainfall, the watch ought to be started now and maintained until the fall bloom is over.

Watch for Azalea Pests. Gardeners who have azaleas are warned to watch their plants carefully for the attacks of a pest called

ericoccus. What will be apparent on the plants is a white globule in the crotch of the branches or the sooty deposit that was left by the white scale. It is still too warm to spray now but about the end of September a mixture of two tablespoons of wettable sulphur and two tablespoons of Blackleaf 40 in a gallon of water will be a good method of attacking the pest.

Miss Eva Owings, R. N. New College Resident Nurse For Stanislaus.

Miss Eva Owings, R. N., the new college resident nurse replaces Mrs. Selma Faciane in charge of the infirmary. Mrs. Faciane returned to private practice in New Orleans.

Mrs. Owings comes to St. Stanislaus from Birmingham, Alabama, where she studied and graduated in 1925. Since then she has held many enviable positions in her field. She was Superintendent of Nurses in Montgomery, Alabama and Assistant Superintendent and Instructress of Nurses at Angelina Hospital in Lutkins, Texas.

Miss Owings has been here less than three weeks but already she has expressed herself well pleased with the gentleness and consideration of the St. Stanislaus boys.

HANCOCK CHAPTER RED CROSS REPRESENTED AT COAST MEETING MONDAY

Preparing for Intensifying Work of Order—Preparing for Annual Roll Call—France and England Already Appealed to American Red Cross For Aid Announced

The Red Cross Camp which opened Monday morning at the Markham Hotel in Gulfport was well attended.

The Hancock County Chapter was represented by Rev. A. J. Boyles, Horace Kergosien, Roll Call Chairman, Mrs. J. E. Goldman, Water Safety chairman, Mrs. Gladys Chapman, Roll Call chairman for Rural section, and May H. Edwards, Chapter Secretary, all from Bay St. Louis.

Roll call chairmen representing their chapters were: Marion County—Mrs. Vassar Anderson, Columbia; Jackson County—Kirk Burnham, Ocean Springs; Harrison County—A. E. DeMiller, Biloxi; Jones County—L. Kelso, Laurel; Hancock County—Horace L. Kergosien, Bay St. Louis. Warren Jackson presided at the morning session.

Mr. Maurice Reddy, Assistant Disaster Director from Washington, D. C., talked to the group on the subject of preparedness for disaster, and stated that a Red Cross chapter should always be prepared to furnish funds for disaster. Mr. Reddy stated that not being prepared was nothing short of criminal as many lives had been lost and much damage wrought by a chapter's lack of funds in time of necessity and the delay incurred in waiting to raise funds. Mr. Reddy stated it is an obligation that every chapter have a strong disaster set up, and stressed the fact that the best method was to raise funds through large memberships.

Mrs. Mollie Hodges, Red Cross Field Representative, led a panel discussion on organization and participation to meet emergencies, and stressed the importance of each chapter having a production chairman who will organize for production work. This discussion was participated in by Mrs. John Heiss, Mrs. Barney Eaton, of Gulfport, Miss Margaret Moore, representing the New Orleans Chapter, Miss Dot Carpenter, Jones County Executive, Secretary, Miss Jessie Boyd, Executive Secretary of Jackson County.

The afternoon session was presided over by Mr. L. Kelso, of Laurel, and was largely given over to the discussion of plans for roll call. Mrs. Hodges led the discussion and said there was only one answer to putting over a successful roll call and that was by organization.

Rev. A. J. Boyles of Bay St. Louis, Mr. Kirk Burnham of Ocean Springs, Mrs. R. M. Shearer of Mississippi City, and others explained the various methods in which they had conducted their roll calls of the past few years.

The meeting was very impressive and left everyone with the deep feeling of the immediate importance in these grave times of stress of preparedness for any emergency and the hope for large and successful membership drives whereby funds are derived for Red Cross work. Mrs. Hodges announced that France and England had already appealed for help from the American Red Cross. Loan closets were one type of production which Miss Hodges stated should be kept in every locality, and members from Hancock county were pleased to feel that they maintain a very well equipped loan closet.

Long Beach Garden Club Meets; Preparing For Coast Pageant.

The meeting of the Long Beach Garden Club Thursday afternoon was held at Grey Gables the lovely home of Mrs. Charles McDaris, with Mrs. E. C. Gay as co-hostess with Mrs. McDaris. Mrs. John C. McKenna presided during the business session when routine business was considered. It was voted that the club assist with the proposed Coast Spring Pageant and Mrs. Richard G. Cox was appointed by Mrs. McDaris to serve on the executive board to represent the club. Two new members, Mrs. R. A. Blake and her daughter, Miss Roberta Blake, were welcomed.

The program consisted of a delightful talk, Autumn Reveries, by Mrs. Archie Gordon, and informal talks by several members about interesting gardens seen during summer travels. Miss Sue Leigh presided at the punch bowl during the pleasant social hour.

The next meeting will be held at the home of Mrs. Charles Wright and an exhibit of weeds will be shown. An exhibit of this kind last year proved to be one of the most interesting ever collected by the Garden Club—Gulfport Guide.

Southern Democrats hope to obtain larger proportion of delegates to the 1940 convention.

MICKEY ROONEY IN LOVE AGAIN IN PLEASING FILM.

"Andy Hardy Gets Spring Fever" Unfolds Latest Adventures of Hardy Family.

Presenting the lucky seventh Hardy Family, hit, "Andy Hardy Gets Spring Fever" opens Sunday at the A. & G. Theater with the family back home in Carvel.

Again Lewis Stone is seen as Judge Hardy, Mickey Rooney is Andy and all the rest of the family are present. Fay Holden, Cecelia Parker, Sara Haden, Ann Rutherford. Two new members are Terry Kilburn, fresh from his triumph in "Goodbye Mr. Chips," enacting an annoying friend of Andy's, and Helen Gilbert, Hollywood's newest discovery, who plays the school teacher.

The director is W. S. Van Dyke II, one of filmdom's outstanding directors and who numbers among his successes such pictures as "The Thin Man," "San Francisco" and "Sweethearts."

The story is said to be the most amusing and the most dramatic of all the Hardy Pictures. The Judge gets entangled with some crooked promoters who talk him into investing not only his own money but that of his friends also in a phony aluminum company. Andy Hardy, in the meantime, having quarreled with his girl, Polly Benedict, falls in love with the high school dramatics teacher. Vowing to have his worth recognized, Andy writes the school play and wins the role of the hero.

Marian Hardy, who goes to work as a stenographer for the aluminum company, discovers that the two promoters have skipped town with the capital of the firm. Then the Judge realizes how he has been tricked along with his friends. But fortunately he is able to sell the gravel beds, which were supposed to be aluminum fields, to the city for road work and thus returns all the money invested without loss to anyone. Andy, who has been so serious in his love for the older teacher that he proposes to her, finds out on the night of the play that she is engaged to someone else. At first crushed, the excitement of the play's success and a reconciliation with Polly makes the world seem bright again.

PETITION FOR PARDON.

To His Excellency Honorable Hugh L. White, Governor of the State of Mississippi:

We, the undersigned officers, residents and citizens of the State of Mississippi, respectfully petition your Excellency to pardon Samuel Paul Wilson, a negro, who was convicted of the assault with intent to rape a negro girl.

He was convicted in the Circuit Court of Hancock County at the March, 1939 term and sentenced to serve two years in the State Penitentiary. His term began about the 1st of April, 1939.

Your petitioners would respectfully show to your Excellency as follows: That Samuel Paul Wilson is a young man only eighteen years of age. That he was always considered a good boy and there was some serious question as to his guilt.

That because of his tender age mercy should be shown.

We believe that Samuel Paul Wilson has been punished sufficiently for the crime for which he was charged, and that executive clemency should be granted.

Respectfully submitted,

TOM F. MONTI, SR., DAVE MOLLERE, JR., LEO BLATZ, JR., AND OTHERS.

—Mr. and Mrs. Henry Capdepon and young daughters, Elsie, Mae, Gloria and Gladys, and little son, Buddy, have rented the Engman home in Union and Hancock streets, formerly occupied by the Gordon family, and will reside there in order to be nearer the school and business section of town.

—Post Master Leo G. Ford and City Attorney Lucien M. Gex left by auto Wednesday morning for Hot Springs, Ark., where they plan to spend a while on vacation and will take advantage of the baths of the famous springs. Mr. Gex goes principally for bath treatment for an ailing foot of long standing. It is hoped he will be permanently benefited by the baths.

—Workmen have completed the demolition of the handsome and spacious Camors dwelling at Cedar Point, on the Beach and Boardman avenue, preparatory to the building of a new and modern home for Mr. Robert L. Camors. Vincent Smith, of Smith and Norwood, architects, are at work planning and designing the dwelling to replace the former one.

—A Gulfport print says that Edwin Edwards, eldest son of Mrs. Edwin Edwards (formerly of Bay St. Louis) left Tuesday for New Orleans to enter the medical school at Tulane University. John Edwards has gone to Spring Hill College, Mobile, for his second year, and Miss Virginia Edwards is at Belhaven College where she is a senior student this year.

—Having sold the remains of the brick building, originally known as the Spornio mercantile store on South Front street, following a fire two years ago, a force of men are busily engaged demolishing the structure. The sale was made to Dr. B. L. Ramsey who is having the bricks conveyed to the beach lot he recently purchased and where he will erect a two story building, the top floor to house his dental office suite.

—Rev. and Mrs. Andrew J. Boyles have as their house guests this week Mr. and Mrs. J. P. Morgan, of Dallas, Texas, who are en route home after a long motor trip which took them to various points in Canada, including Callender, where they saw the famous quintuplets. Visiting Boston they motored down to New York, visited the Fair, then down to picturesque Florida and over to Bay St. Louis. Mr. Morgan says if he catches fish while here this will be the best of all places since he is an ardent fisherman. He is of the plant department Southwestern Bell Telephone Company at Dallas.

A. work, left on Friday for Chicago, Ill., to attend a meeting of the board of the National Congress of Parents and Teachers which convenes on September 27-30 at the Stevens Hotel, Enroute, Mrs. McDonald will stop in Clinton, Tenn., for a visit with her sister, Mrs. H. V. Wells.

—Mr. and Mrs. Chas. A. Gordon and family.

Fight Revived For Better L. & N. Coast-New Orleans Trains.

(Continued from page 1)

ger business, have improved their equipment to get more passenger business and make money? What about the streamlining of Union Pacific, Burlington and Santa Fe trains?"

"Streamlined trains cost a lot of money," replied Mr. Schwegel, shaking his head. "Our passenger business between New Orleans and the coast is declining right along. Our coaches are seldom filled any more."

"But supposing they weren't old, wooden coaches, that catch smoke and cinders and bake their passengers in the summer, Mr. Schwegel, don't you suppose you'd get the business back with cool, clean, safe, coaches, even if they weren't streamlined?"

To Submit Questions.

"Our coaches are safe," countered Mr. Schwegel. "If they weren't the ICC wouldn't let us run them."

"Do you know how old those coaches are, Mr. Schwegel?"

"No, I don't," replied Mr. Schwegel. "But remember this: Railroads are losing money nowadays and they're economizing."

"But don't you thing air-conditioned coaches would get you more business and encourage more people to live on the Gulf Coast and more tourists to visit the coast?"

"Perhaps," said Mr. Schwegel, "however, I do not have control of the policies of the railroad."

Mr. Schwegel was then asked to submit a set of 11 questions prepared by The Item to J. B. Hill, president of the L. & N. This he promised to do without delay.

How Coaches Look.

A reporter for The Item next inspected one of the L. & N. trains running between New Orleans and the coast. The train, scheduled to leave at 3:30 p. m., was parked in the dark, dingy L. and N. station at the foot of Canal street. It consisted of four wooden coaches of ancient vintage.

There were holes in the screens on windows of the coaches; the seats were dented and worn from long usage. Several seats in one of the coaches were filled with the wares of the train butcher.

Passengers boarded the train almost reluctantly. It wasn't a very hot day, but they doffed their hats and coats and loosened their collars from force of habit acquired by their stifling experiences on the train during the long summer months.

The coaches had been swept and the seats dusted in preparation for departure, but as one passenger remarked as the train began to move: "Get ready for the smoke and cinders—we'll be plenty dirty before we get to Pass Christian."

Central School P.-T. A. "Big Parade" For Next Friday, October 6.

The Central School Parent-Teachers Association is featuring a "big parade" on Friday, October 6, from 2:30 to 3:30 P. M. to open the membership drive for that organization.

There will be a reviewing stand opposite the post office on Main street and the parade will include members of the P. T. A., Girl Scouts, Boy Scouts and Sea Scouts and classes from Bay Central School led by the "up and coming" Bay High Band. The P. T. A. is expecting to go over the top in membership this year, so be on hand to cheer them on.

Personal and General

ROGERS-BOURGEOIS WEDDING PROMINENT EVENT OF THE WEEK.

MISS ABIGAIL BOURGEOIS.

An interesting wedding of the Fall was that of Miss Abigail Bourgeois, daughter of Commissioner and Mrs. W. L. Bourgeois, and Mr. Louis A. Rogers, son of Mrs. L. A. Rogers and the late L. A. Rogers, of Atlanta, Ga., which was performed in the living room of the home of Mr. and Mrs. Bourgeois on Union street on Thursday morning of this week.

The ceremony was performed before an improvised altar by the Rev. Leo F. Fahey of Our Lady of the Gulf Church with only the immediate relatives of the two families present. Miss Bourgeois was given in marriage by her father, and wore a new Fall model of bottle green trimmed in brown fur and brown accessories. Miss Jane Jude, a former school mate and life long friend, was Miss Bourgeois' only attendant, and was attired in a dress of dark blue also trimmed in brown fur, and her accessories were brown. The bridegroom's only attendant was his uncle, Mr. Paul Cefalu, of Atlanta, Ga.

Out-of-town guests for the wedding were Mrs. L. A. Rogers, mother of the bridegroom, and his sister, Miss Margaret Rogers, Miss Anna Rogers and Mr. and Mrs. Paul Cefalu, all of Atlanta, and Mr. and Mrs. Hugh Bourgeois, of Gulfport.

Immediately after the ceremony, Mr. and Mrs. Rogers left on a motor trip to Lookout Mountain, Tenn., and will reside in Atlanta, where Mr. Rogers is in business.

Mrs. Rogers is a graduate of Bay High School and also attended State Teachers' College at Hattiesburg. Mr. Rogers is a graduate of St. Stanislaus College.

The wedding claimed interest here where both young persons were popular with the school set and where the bride's family has lived all their lives.

MR. JAMES L. MAHAFFEY WEDS MISS VERA BANDERET.

On Sunday at noon, in Our Lady of the Gulf Church a quiet wedding was celebrated when Miss Vera Banderet, only daughter of Mr. and Mrs. Louis Banderet and granddaughter of Mrs. Augusta Perre and Mrs. Fred Banderet, Sr., was married to James L. (Mac) Mahaffey, son of Mrs. Marie Grandson Mahaffey and the late Lawrence Alda Mahaffey, of Baton Rouge, with Rev. Father A. J. Gmelch performing the ceremony.

The only attendants were Mrs. Adele Mahaffey Underwood, sister of the groom and Thomas Clay Ryan, of Pass Christian.

The bride was becomingly attired in a wine colored suit with black accessories, and Mrs. Underwood wore a navy blue trimmed in military braid.

Mrs. Mahaffey is a graduate of St. Joseph's Academy and an interesting fact is that Father Gmelch officiated at the marriage of her parents, and at every event in her life, performing the ceremonies at her christening, administering her first holy communion, tendering her diploma at graduating exercises and then performing the ceremony which united her in marriage. Mr. Mahaffey is with the construction department of the Southern Bell Telephone Company, and last night the young couple left by train for Morgan City to reside.

MR. FONTAINE MARTIN, JR. MARRIES MISS LILLIAN GALT.

A wedding of interest to Bay St. Louisians was that of Fontaine Martin, Jr., son of Mr. and Mrs. Fontaine Martin, Sr., who reside at their country home on Jordan River, and Miss Lillian Clarke Galt, daughter of Mrs. Elizabeth Clarke which was celebrated on Saturday evening at the home of the bride's grandmother, Mrs. Lewis S. Clarke, in New Orleans, with the Rev. Dr. Robert S. Coupland of Trinity Episcopal Church performing the ceremony.

The wedding was a quiet affair with only members of the two families present, and with a small number of close friends invited for the small reception after the ceremony.

Miss Galt is a graduate of Newcomb College, and a member of Kappa Kappa Gamma Sorority, and made a formal debut two seasons ago, and Mr. Martin is a graduate of the Law School of Tulane University and a member of Alpha Tau Omega and Phi Delta Phi Fraternities.

Mr. and Mrs. Martin left for a motor trip and will reside at 1418 Eighth Street upon their return. The wedding claimed interest in New Orleans and on the Coast where the two families are well known.

ANNOUNCING ENGAGEMENT OF MR. R. E. CONNER AND MISS MARION ORTIE.

Mr. and Mrs. Edward P. Orte announce the engagement of their daughter, Marion, to Mr. Robert E. Conner, prominent and rising young attorney of Bay St. Louis, the happy event to take place November 1.

Mr. and Mrs. Charles H. Hamilton and family closed their summer home on the Waveland beach front, south of Nicholson avenue, and returned to their winter home in New Orleans Sunday morning, doing so reluctantly as they are ardent boosters for the Bay-Waveland section of the Coast and a substantial proof of this was the handsome and substantial dwelling they built there for their own occupancy.

Their neighbor and close friends, Mr. and Mrs. B. C. Casanas, will remain a while longer at their villa on the beach front at Nicholson avenue, since Mr. Casanas is deferring his pleasure trip to South America due to the adverse possibilities of the European war. Mr. Casanas enjoys a long sea voyage every fall, visiting Hawaii last year. Like Mr. Hamilton, Mr. Casanas is one of the potential standbys of this section.

Mrs. J. J. Ritayik is at Salt Lake City, Utah, attending the national convention of St. Margaret's Daughters, of which organization she is a leading light in the New Orleans branch. She is accompanied by a number of friends and will visit other points West before returning to her New Orleans and Waveland home.

Miss June Elliott left Wednesday with a party of friends for Baton Rouge, La., where she is spending the balance of the week after which she will journey to Monroe, La., to visit relatives for an indefinite period. Miss Elliott attended the Stanislaus first football game of the season at Baton Rouge of St. Stanislaus versus Baton Rouge Catholic High.

Mr. and Mrs. Rene de Montluzin had as their house guests for the week-end Dr. and Mrs. H. R. Piccaglia who were en route home from a two-week tour in vacationary pursuit, visiting St. Augustine, Jacksonville, Daytona Beach and other Florida points of interest and forming a journey and visit of much interest and pleasure.

Mr. and Mrs. W. L. Bourgeois entertained on Wednesday night at a wedding supper at their home on a Union street in honor of their daughter, Miss Abigail Bourgeois and Mr. Louis A. Rogers who were married on Thursday. Only the immediate members of the two families and a few close friends were present at the supper.

Mrs. Miriam Bellanger, of Los Angeles, California, is visiting at the home of her sister, Mrs. Henry Larose on North Beach, and will remain for an indefinite period.

Miss Elsi Spori attended the Collins-Aldrich wedding celebrated in New Orleans on Saturday.

Noted at the Mirror Room were Mrs. Jeff Hardin, always so chic, her daughter and Mrs. Otto Schwartz.

HIZHONOR TO HOT SPRINGS.

Mayor and Mrs. G. Y. Blaize drove to New Orleans on Wednesday with Mrs. Bernard Blaize to join Mr. L. H. Dinkeldin with whom they will leave on Thursday for a trip of several weeks to Hot Springs, Ark. En route, the party will stop in Marksville, La., for a visit with their relatives, Judge and Mrs. S. Allen Bordelon, the latter recently returned from the San Francisco Fair. His Honor goes for a rest and general relaxation after a long arduous summer of intense heat and multiplied duties on the outside supervising improvements.

With the opening of school, many new faces appeared on the campus. The number of boarders enrolled for the present term is approximately the same as last year. There is a slight increase in the number of day scholars. This is due principally by the number of new boys from Pass Christian.

There are in the neighborhood of fifty-five new boys among the boarders. Of these almost twenty-five are from New Orleans or its vicinity. Several new states, and countries are represented for the first time. John Taylor comes to St. Stanislaus from Cairo, Egypt. An accomplished linguist, he speaks Greek, Spanish, French and Italian with equal ease. While living in Cairo, he attended the Christian Brothers High School there. There are boys from as far south as Peru and as far north as Calgary, Canada, from as far West as California and as far east as New York.

There were very few changes in the Faculty and fewer still in the school curriculum. One new subject was introduced in the Senior Class. It is "Problems in Democracy," an advanced Civics and is elective.

Many of the extra-curricular activities have not as yet been organized. Football practice has been going on since the opening of school, but organizations such as the Sodality of the Blessed Virgin, the St. John Berchman's Society for the Grammar Grades and others have not as yet been started.

Within several days, however, it is expected that all the various activities will be well organized. The Band, perhaps, faces the most difficult task of re-organization. Several sections of the band lost quite a few of their members and Brother Romuald, Band Master, is faced with the task of replacing them in time to be ready for the opening football game. However, with several musicians among the new boys and some coming up from the ranks, this is not an impossible task.

64,000,000 persons in the nation have \$110,000,000,000 in life insurance policies, says underwriter.

Virginia Weider and Jimmy Lydon, the 14-year-old boy who was seen in "Back Door to Heaven," will have the leading roles in the film production of Joseph A. Field's "Sunset," to be made by Metro.
